João Gonçalo Galvão is a Partner in the Real Estate, having also experience in the Mergers and Acquisitions and Private Equity practices. With more than twenty years of experience, he is a transactional lawyer who provides advice to domestic and international clients, including corporate clients, investment funds and real estate developers and investors, in complex M&A deals and real estate development projects. He also has experience in high-street leases, shopping centre use agreements and in providing ongoing assistance to the development and management of several real estate assets.
